Subject: Funding for Tower Standard

Hi Kristen,

I received word from HQ that the funding for the Tower Standard work has been obligated. Bristol will soon begin work on the planning documents.

I also talked to John Robinson. He will send some possible dates for all of us to discuss the sampling results and plans for gw monitoring locations. It may be during the week of Oct. 19, which would mean that our results should definitely be back before we have a call/meeting.

Regards,

Bob
